Oral/Dental Health Services

Oral Health Services are provided through several programs in California—the Office of Oral Health, Child Health and Disability Prevention Program (CHDP); Medi-Cal (the Denti-Cal program); California Children’s Services (CCS); Healthy Families; and Regional Center. These programs can **provide preventive care and treatment of dental conditions**. Additionally there are a few community-based programs offered through dental schools and non-profit organizations.

Oral Health Care Programs and Services What programs and services are provided?

CHDP/Denti-Cal

Children with special needs, who are Medi-Cal or CHDP eligible, may receive dental services from a provider who is participating in the state and federally funded Denti-Cal program. Services include annual preventive dental care by participating dentists for Medi-Cal eligible children (3 years of age and older).

Contact Information	(800) 322-6384	Denti-Cal for families
	(800) 423-0507	Denti-Cal for providers
	(800) 422-9495	Denti-Cal Application Help

California Children Services (CCS)

Dental and orthodontic services are provided if they are related to the treatment of the CCS eligible condition or if the CCS eligible condition would complicate routine dental care. Services include preventive and restorative services and general anesthesia when administered in a CCS-approved facility.

Care
Programs
(continued)**

Dental Schools

Most Dental Schools do not have separate clinics for children with special needs, but integrate these children into the general pediatric or advanced general dentistry clinics. Services are usually covered through Denti-Cal, third party payers or fee for service (usually reduced fees).

**Contact
Information**

(415) 476-3276

UCSF Pediatric Clinic

505 Parnassus Ave.

San Francisco

Accept children any age, any disability

(415) 929-6550

UOP Pediatric Clinic

Referrals for dentists and dental clinics

Regional Center of the East Bay (RCEB)

Children who are eligible for Regional Center and have no other access to dental care may be able to be funded for care. Also Regional Center may be able to supplement a family's dental care for services such as general anesthesia or orthodontics if the need is related to the developmental disability.
